SECONDS

premiere date
JANUARY
2021

hello!
**It's really just a while, for
things to get changed!**

Let's take an exciting adventure with us and discover how the next generation video analysis software rise!

For next few months, until January's premiere, we will post news about how we're going and what's new!

For the first step of the journey, check our brochure ->

PURCHASING

Check all the purchasing options and choose the one for You!

FIRST TEAM

A solution adapted to the high needs and standards of the first club team. The full version of the program is available to all coaches and analysts working on the team.

ACADEMY

The best solution for coaches working with the youngest players. The tool is also available in the form of an online platform to further facilitate the work of coaches and young players to develop and understand the sport.

PERSONAL USE

Your individual account, made to fulfill your individual needs. It stays with you as long as you want, even when you change the current job/club.

PREPARED by Genius Coach

You would like to provide your players with professional analysis, but you still lack the knowledge? Or maybe you would like to consult the behavior of your player or team? Let our trainers perform the analysis for you!

Contact

Let's talk about GC, about football, about analysis.. Let's talk about anything you want!
